I hope you can help. I have a 2004 Ford Focus with air con, which has suddenly stopped working properly. It has developed a fault whereby the air con works for 10 mins then stops. I've had the system serviced and re-gassed, but it still refuses to work beyond 10 mins. I took it back to garage this morning and they say it could be the compressor which will cost hundreds.

### **Ford Focus air con problems | Ask Honest John | Honest John**

Last year, I noticed that the air con on my Ford Focus (Zetec 2.0 W-reg 2000 model) was not working. The light comes on when I press the button, but the vents do not send cold air into the car. The car is due for a service next month, but I don't trust work shops (even Ford dealers). I would rather know what the problem is beforehand, rather than be told that they had to replace the whole ...
