My first vehical was a 1995 F-350 with a manual transmission (5 speed) and had a 7.3 liter diesel engine. When I towed trailers I felt that I had more control over my load with the manual transmission. But now that I'm looking to continue with the ford super duty line of truck I'm told that this option is not valid anymore.

Imagine being a manual transmission in this day and age. How awful it would feel if only five percent of the new-vehicle-buying public wanted you. Who wants to be that unpopular? It's a good thing manual transmissions don't have feelings because if they did, they would cry "nobody loves me!", and then crawl into a dark corner and die.
