It starts with something small. We incorporated unique geometries into our cutting element designs that do what standard PDC cutters cannot—outlast long-interval drilling in hard formations, revolve 360° to evenly disperse wear and heat, and deliver high impact and continuously crush and shear rock, while improving borehole quality.

Distance education or long-distance learning is the education of students who may not always be physically present at a school. Traditionally, this usually involved correspondence courses wherein the student corresponded with the school via post. Today it involves online education. Courses that are conducted (51 percent or more) are either hybrid, blended or 100% distance learning.

Distance education - Wikipedia

Introduction. A description logic (DL) models concepts, roles and individuals, and their relationships.. The fundamental modeling concept of a DL is the axiom—a logical statement relating roles and/or concepts. This is a key difference from the frames paradigm where a frame specification declares and completely defines a class.. Nomenclature Terminology compared to FOL and OWL
