Hi my galaxy's warning lights are on. Started off with Engine Malfunction Warning then orange Engine Management light on. Booked my car in a couple of days time. I have a feeling it's something to do with DPF as its been over a week I haven't heard 'regeneration process' kicking off. (Normally you can tell when it start burning diesel particles).

Engine Light: One of the most sensitive lights on a Ford, the check engine light has two warning levels. For less serious issues (assuming the vehicle is operating normally), the light will stay on but remain steady. If the light blinks, however, there is a major issue. Do not drive the vehicle. Have it towed to the nearest repair facility.
